Evans 9th Grade Mentoring

Become a mentor for a 9th grader at Evans High School! You can volunteer as part of their after-school mentoring program on Tuesdays or during school hours on Tuesdays and Thursdays as part of their Freshman Success class. You will be building meaningful relationships and once a month there will be a planned event for students and mentors where you can socialize and or attend a workshop.

Volunteers will meet with students one on one bi-weekly at Evans High School and spend an hour with their students, getting to know them and helping them with schoolwork.

Evans 9th Grade Mentoring is a partnership with the UCF Honors Educational Reach Out (HERO) Program. HERO is a program that is open to all UCF students. For more information about how to get involved, email the HERO Coordinator at hero@ucf.edu or stop by the Burnett Honors College room 107.
